- Specialize in Performance analysis and Architecture enhancement. Tools: CA Application Performance Management Solution (i.e. CA Wily Introscope), HP Load Runner, Eclipse Test and Performance Tools Platform, Hibernate Caching, EHCACHE.
- Technologies & Tools: Java / Java EE, JSP & Servlet / Hibernate, COBOL, XML / SOAP, ASP.NET / VBS / C#, Tomcat / Glassfish / WebSphere, IBM's DB2/ MS SQL Server, Eclipse, Lotus, Micro Focus's TestPartner, HP's Application Lifecycle Management - Quality Center, Bugzilla, Mantis, TortoiseSVN.

- CSC ER Team, HCMC, Vietnam

- Project involved: **ER** (Early Resolution) - Financial services and Banking.
- Specialize in Performance analysis and Architecture enhancement. Tools: CA Application Performance Management Solution (i.e. CA Wily Introscope), HP Load Runner, Eclipse Test and Performance Tools Platform, Hibernate Caching, EHCACHE.
- Technologies & Tools: Java / Java EE, JSP & Servlet / , COBOL, XML / SOAP, ASP.NET / VBS / C#, Tomcat / Glassfish / WebSphere, IBM's DB2/ MS SQL

MY SKILLS:**Personal skills:**

English (*Advanced*)
Soft skills
Teamwork
Problem-solving

Programming languages:

C# / VB.NET / C++ / Java
UNIX/Linux Shell
SQL / T-SQL
XML/XSL/XSLT
Xcode

Mobile technologies:

Android/Corona/
webservice/JSON/XML/
googleapi/cloud/cocos2d/
facebook-api/twitter-api/
youtube-api/QR code

Web technologies:

HTML / JavaScript/ CSS
Servlet / JSP / EJB
Struts / Hibernate/ Spring
SOA / Web Services

Server technologies:

MS SQL Server / MySQL
IBM's DB2 / Oracle
IIS / Tomcat Web Server
JBoss Application Server
IBM's Websphere
HP's ALM, HP's SOA
Systinet

Methodologies:

OOP / MVC model
Multi-tier architecture
Distributed architecture
Relation database design
UML / RUP
OOAD / Design Pattern

PM Tools:

Lotus Apps/ MS Project /
Basecamp / Mantis /
SVN / HP's Quality Center
/ Bugzilla

Operating systems:

Linux/ Windows

IDE / Tools:

Adobe Dreamweaver
MS Office / MS Visio
MS Visual Studio
Eclipse / NetBeans
IntelliJ IDEA

Server, Eclipse, Lotus, Micro Focus's TestPartner, HP's Application Lifecycle Management - Quality Center, Jira, CVS.

IBEAN Vietnam.

- Design and develop mobile app (android & IOS).
- Communicate directly to client especially in Europe and US.

-EYE-CTaglist:(Android&IOS) The Taglists player lets you play channels of videos, audio, and photos created by your favorite artists. Each artist adds to several channels, giving you constantly updated playlists of media you won't find anywhere else - all for FREE. The Taglists player also lets you create and share taglists that mix free music, videos, and photos from multiple places, including Facebook, YouTube, Picasa, Flickr, and SoundCloud.

- TAP TO TALK: (Android & IOS) This is a app which give your non-verbal child or adult a voice.

Tap a picture - TapToTalk speaks. Kids think it's fun.

VIETNAMTRAVEL: (IOS) This is a app which give you all information about Viet Nam. You can find a good location when you visit Viet Nam, learn Vietnamese, and booking hotel, flight ...

-CENTIMETAL:(IOS) This is a app which give you some question to set a price of your sentimental stuff.

-GAMEFILMXCHANGE: (IOS) This app for website <http://gamefilmxchange.com> . It will help user manager their video, and play and comment on their video.

BROCHURE APP: (IOS) This app will take your folder HTML or picture to Ipad. The sale employee will use it to introduce with guest.

BREAK OUT GAME(ANDROID) This app will allow user break bricks.

SALE ROUTES(ANDROID): User use this app to find stores and delivery goods. Report to manager when his work done.

VIDEO YOUTUBE APP(ANDROID): Creating list video and allow user to preview content. Support view in landscape and portrait mode. User will view video in full screen mode.

HOBBIES & ACTIVITIES

- Socialize with friends; Reading news and articles.
- Joined CSC Viet Nam football team
