Team size: 8 people.

Responsibilities:

- Working in Agile Scrum, Kanban methodology.
- Discussion and design the architecture with customer and team.
- Coding and unit testing for the backend services.

Technologies Used:**Software environment**

- C#, Web API, LINQ, Entity Framework, MS Unit test.
- DI, Repository, Singleton pattern, Autofac, Automapper.
- Window Azure, DocumentDB.
- VS 2013, SQL Server 2012, TFS online, GIT, SouceTree.

Development tools:

- VS 2013, SQL Server 2012, TFS online, GIT, SouceTree.

Working at Creativ Vietnam Company - Oct 2014 – Jul 2015

This project is a global community website where you share short stories about your content and discover other amazing people, creative content, and compelling stories from around the world.

Team size: 12 people.

Responsibilities:

- Support the back end coding.
- Do migration and seed data.
- Coding for model data layer.
- Change requests on exists systems.

Technologies Used:**Hardware environment**

- Window.

Software environment

- PHP & MySQL
- Laravel
- CodeIgniter

Development tools:

- Netbean, PHPStorm, SmartGit.
- GitHub, Bitbucket.

Programming Language:

- PHP.

Working in WCF Finance Brokerage Simulator Project - Dec 2013 – Sep 2014

This project develop a simulator that auto match the stocks of user submitted with stocks on Finance API (Yahoo, Microsoft). The program also management the user groups, users, lookup value, account, etc.

Team size: 4 people.

Responsibilities:

- Analyze the requirement.
- Discussion and design the architecture with customer.
- Discussion with team and estimation for tasks.
- Coding and Unit testing.

Technologies Used:**Hardware environment**

- Window.

Software environment

- .NET Framework 4.5.
- WCF Service.
- Entity Framework.
- Database Project.
- StructureMap, CuttingEdge Condition library.
- Singleton, Repository, DI pattern.

Development tools:

- Visual Studio 2012.
- SQL Server 2012.
- TFS.
- MS Unit test.
- WCFStorm.

Programming Language:

- C#.

Working in Desktop Application Tender Plan Writer Project (Kuala Lumpur - Malaysia - 2 Months) - Aug 2013 – Dec 2013

Project: Tender Plan Writer

Team size: 8 people.

Responsibilities:

- Create the templates and training to members.
- Review and optimal the coding.
- Improve performance system.
- Coding the split file download service.
- Coding the synchronization data service.
- Coding the management document template with aspose word library.
- Coding the generator tables tool, custom action setup project.

Technologies Used:**Hardware environment**

- Window.

Software environment

- .NET Framework 4.5.
- Entity Framework.
- WCF Service.
- Aspose word library.
- DevExpress library.
- NUnit tool.

Development tools:

- Visual Studio 2010.
- SQL Server 2008.
- SVN.

Programming Language:

- C#.
- LINQ to Entities.

Building Mobile Application – Jun 2013 - Aug 2013**Project: Restaurant Book****Project Description:**

This is a cross-platform mobile application.

Client site: Used to PhoneGap framework. That is an open source framework for quickly building cross-platform mobile apps using HTML5, Javascript and CSS.

Server side: Used to WCF Service.

Technologies Used:

Hardware environment

- Window.

Software environment

- PhoneGap Framework.
- WCF, .NET Framework.
- Android.

Development tools:

- Visual Studio 2010.
- Eclipse.
- SQL Server 2008.
- NUnit.

Programming Language:

- C#.
- PL/SQL.
- HTML.
- CSS.
- Javascript.
- JSON.
- JQUERY.

FPT Software Company Da Nang Branch - Aug 2009 - Mar 2013

ASP.NET web applications, windows application, WCF, MVC and C# projects:

+ C#, ASP.NET, WCF, MVC, SQL Server, Dynamic SQL script, LINQ, OOP, NUnit, XML, JavaScript, JQUERY, HTML, CSS, TFS and Multitier architecture.

2011/04 - 2013/03

Developer

FPT Software Da Nang - Business Unit 5

Project: VINCA

Project Description:

There are have 2 web portals for customer, vendor, 1 window form application for about 200 users, 1 web service and 1 window service.

Team size: 10 people.

Responsibilities:

- Analyze the requirement.
- Improving performance for searching, reporting module.
- Coding and unit testing.
- SQL Server Reporting Service.

Technologies Used:**Hardware environment**

- Window.

Software environment

- .NET Framework 4.0.
- CSLA Framework.

Development tools:

- Visual Studio 2010.
- Visual SourceSafe.
- Team Foundation Server.
- Developer Express 7.
- SQL Server 2008.
- NUnit.

Programming Language:

- C#.
- Dynamic SQL Script.
- Store Procedure, Trigger, Job, View, Function.

2010/10 - 2011/04

Developer

FPT Software Da Nang - Business Unit 5

Project: Work Flow Application Web

Project Description:

Work Flow Application Web is the management system of civil in Papua New Guinea. Management about the birthday, death, marriage, divorces.

Team size: 7 people.

Responsibilities:

- Analyze the requirement.
- Coding for task list, birth management form,
- Coding for batch print on web
- Coding for scan module.

Technologies Used:

Hardware environment

- Window.

Software environment

- .NET Framework 3.5.

Development tools:

- Visual Studio 2008.
- Visual SourceSafe.
- SQL Server 2008.

Programming Language:

- C#, LINQ.
- SQL Store procedures.

2010/04 - 2010/10

Developer

FPT Software Da Nang - Business Unit 5

Project: Maintenance web applications: Staff Evaluation, Financial Report.

Team size: 3 people.

Responsibilities:

- Analyze the requirement.
- Coding and unit testing: Task list, birth management form, the printer, the scanner, the upload service modules.

Technologies Used:

Hardware environment

- Window.

Software environment

- .NET Framework 1.1.

Development tools:

- Visual Studio 2003.
- Visual SourceSafe.
- SQL Server 2005.

Programming Language:

- C#.
- SQL Script.

2010/01 - 04/2010

Project: Realtors Portal**Technologies Used:**

Realtors Portal as an online platform is a solution though by group of agents that will connect property owners and brokers to tenants and investors.

Hardware environment

- Window.

Development tools:

- Netbean.
- SQL Server 2005.
- Dreamweaver.

Programming Language:

- Java JSP/ Servlet.
- HTML.
- CSS.
- Javascript.
- SQL Store Procedure

EDUCATION

- **Duy Tan University**

Bachelors - Software Technology - *Aug 2011 - Aug 2013*

- **Softech-Aptech - Da Nang**

Others - Developer Software - *Nov 2007 - Nov 2009*

Certificate: ACCP i7.1

- **Information Technology College - Đà Nẵng**

College - Information Technology - *Aug 2006 - Apr 2009*

- **Information Technology College - Đà Nẵng**

College - Information Technology - *Aug 2006 - Apr 2009*

- **English Course**

Anh Viet Foreign Language Center - *Sep 2010 - Mar 2011*

- **English Course**

EQuest DaNang Center - *Nov 2014 - mar 2015*

HOBBIES

- Football, badminton, music, computer games.
