SELF-INTRODUCTION

- ❖ I currently working as a website developer for Top3 Media agency – a Singapore Digital company having an office in Ho Chi Minh City. My task and responsibilities are
 - 1) Convert the design from psd file to HTML and PHP.
 - 2) Build front-end and Back-end for corporate and e-commerce website.
 - 3) Integrate front-end with the backend (Wordpress CMS).
 - 4) Integrate front-end and backend in Yii2 Framework.
 - 5) Set up special features and animation effect according to with client's feedbacks and requirements.
 - 6) Make mobile responsive layout for website efficiently.
- ❖ I found myself as a potential candidate for your company because I can work under a high pressure environment and always try my best to achieve more for my career in the future.

CAREER GOALS

- ❖ Improve knowledge on Web developing and English to make a progress on future career.
- ❖ Become more professional in my programming career after 1 year and achieve more new skills in the long-term.
- ❖ Work in a professional environment, build a good network in this industry.
