Education

September, 2006 – May, 2008
Tran Dai Nghia High School for the Gifted– HCM City, Vietnam

September, 2008 – September, 2012
FPT University – HCM City, Vietnam
Bachelor of Software Engineering.

Subjects Studied:

- Object Oriented Paradigm (Using C++, Java Languages)

- Programming Languages : C, C++, Java (J2SE, J2EE), .Net (C#, ASP.NET, WCF, WPF)

- Data Structure and Algorithm

- Operating System (Essential Knowledge)

- Networking (OSI, TCP/IP Model).

- Database (Essential and Advanced Knowledge with SQL Server 2005)

- Software Architecture and Design.

- Compiler, Automate.

- Design Patterns.

Projects in School:

- Simple Messenger Application: using RMI in Java Swing.

- Shopping Cart Application: using JavaBean, EJB CMP.

- Library Management Application: using ASP.Net, ODBC.

Capstone Project (May 1st – September 28th, 2012):

Social Network Website for Learning Foreign Language.

Technologies: Struts2–Spring–Hibernate, Sitemesh, Struts-Plugin (Dojo, JQuery).

September, 2013 – Present
Vietnamese German University – Vietnam
Master of Computational Engineering

Skills

- Java Programming (J2SE, J2EE, Struts2 – Spring, Hibernate, Sitemesh, Struts-Plugins).
- .Net - C# Programming.
- SQL Database System (SQL Server, MySQL).
- C++ Programming.
- CSS, JavaScript (Bootstrap, Angular)
- Object - Oriented Programming.
- System Analysis and Design.
- Independent or Team Work.
- Communication and Interpersonal Skills.
- English skills: Listening, Speaking, Reading and Writing.

Objective

- Interested in Research and Development role to research solution for recent issues.
- Practice and find down more techniques and businesses to improve quality of products.
- Improve practical knowledge about Java, Open Source technique.
- Take more knowledge about BI in real business (Big Data, Data Mining).
- Improve solving technical problems and algorithms in Security.
- Learn as much as possible and do my best in order to accomplish my task.

Activities

- Playing puzzle games, Reading Books, Listening Soft Music, Traveling.
- Joining in Community Activities.
